Accordingly, it is the responsibility of the State's Department of Civil Service to enforce the State's policy of ensuring full and equal opportunity for minorities, women, disabled persons and Vietnam era veterans at all occupational levels of state government.*

In keeping with this policy, Purchase College mandates compliance internally and for all organizations with which it conducts business. The determination of contract award will include a review of evidence supplied by each Bidder regarding compliance with the State's Affirmative Action policy. Accordingly, an Offerer's Bid must include its organization's affirmative action policy, and agree that all presentations and materials will be free from racial, religious, or sexual bias.

H. Minority and Women-owned Business Enterprises

I. Gramm-Leach-Bliley Act

In performing this contract contractor will receive, maintain process or otherwise will have access to confidential information on students and/or customers of Purchase College. Pursuant to the Gramm-Leach-Bliley Act (P.L. 106-102) and the Federal Trade Commission's Safeguards Rule (16 CFR Part 314.2), you must implement and maintain a written Information Security Program in order to protect such customer information. Customer information is defined in relevant part under the Safeguards Rule as "any record containing nonpublic personal information as defined in 16 CFR §313(n)" (the FTC's Privacy Rule) "about a customer of a financial institution, whether in paper, electronic or other form" (16 CFR §314.2). Examples of nonpublic personal customer information include, but are not limited to, name, address, phone number, social security number, bank and credit card account numbers and student identification numbers.

The safeguards that contractor implements under the Program must comply with the elements set forth in 16 CFR §314.4 and must achieve the objectives enunciated in 16 CFR §314.3, namely to: 1) insure the security and confidentiality of student and/or campus customer records and information; 2) protect against any anticipated threats or hazards to the security or integrity of such records; and 3) protect against unauthorized access to or use of such records or information which could result in substantial harm or inconvenience to any student and/or campus customer.

J. Bid Confidentiality

All Bids submitted for Purchase College consideration will be held in confidence. However, the resulting contract is subject to the New York State Freedom of Information Law (FOIL). Therefore, if an Offerer believes that any information in its Bid constitutes a trade secret or should otherwise be treated as confidential and wishes such information not to be disclosed if requested, pursuant to FOIL, (Article 6 of the Public Officers' Law), the Offerer shall submit with its Bid a separate letter addressed to: Elizabeth Robertson, *Records Access Officer, Purchase College, State University of New York, 735 Anderson Hill Road, Purchase, NY 10577-1402*, specifically identifying the page number(s), line(s) or other appropriate designation(s) containing such information, explaining in detail why such information is a trade secret and formally requesting that such information be kept confidential. Failure by an Offerer to submit such a letter with its Bid identifying trade secrets will constitute a waiver by the Offerer of any rights it may have under Section 89(5) of the Public Officers' Law relating to protection of trade secrets. The proprietary nature of the information designated confidential by the Offerer may be subject to disclosure if ordered by a court of competent jurisdiction. A request that an entire Bid be kept confidential is not advisable since a Bid cannot reasonably consist of all data subject to FOIL proprietary status.

K. Sustainable Procurement

It is expected that Contractor will support the purchase of products that will minimize any negative environmental impacts of the contract. In order to facilitate a healthy market in sustainable products, all parties involved in the procurement and utilization of materials must engage in both waste recycling and the initial purchase of products containing recycled content. It is in the interest

of public health, safety and welfare and the conservation of energy and natural resources to use and promote environmentally responsible products, including packaging and transportation products and methods.

The successful vendor shall comply, when applicable, with the policy of the State of New York and the State University of New York that all purchases shall incorporate sustainable procurement policies and practices.

In accordance with the provisions of Section 165(3) of the State Finance Law:

The State University of New York is required to purchase recycled products, if available, made with recycled content in accordance with rules and regulations established by the State Department of Environmental Conservation in development of that agency's Recycling Emblems Program. If the cost of a recycled product does not exceed the cost of a product made without recycled content by 10% (or 15% if over 50% of the recycled materials are generated from the New York State waste stream), the recycled product must be purchased.

**L. Omnibus Procurement Act of 1992**

It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as Bidders, subcontractors and suppliers on its procurement contracts. Information on the availability of New York State subcontractors and suppliers and a directory of minority and women-owned business enterprises is available from: NYS Empire State Development, 625 Broadway, Albany, New York 12207, email [esd@empire.state.ny.us](mailto:esd@empire.state.ny.us), website <http://www.empire.state.ny.us/>.

**M. Encouraging Use of New York State Businesses in Contract Performance**

New York State businesses have a substantial presence in SUNY contracts and strongly contribute to the economies of New York and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers/contractors for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles.

Bidders/proposers/contractors need to be aware that to the maximum extent practical and consistent with legal requirements, they are strongly encouraged to use responsible and responsive New York State businesses in purchasing commodities that are of equal quality and functionality and in utilizing services and technology. Furthermore, bidders/proposers/contractors are reminded that they must continue to utilize small, minority and women-owned businesses, consistent with current State law.

Utilizing New York State businesses in SUNY contracts will help create more private sector jobs, rebuild New York's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its New York State business partners. New York State businesses will promote the contractor's optimal performance under this contract, thereby fully benefiting the public sector programs that are supported by associated procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of New York businesses by its contractors. SUNY therefore expects bidders/proposers to provide maximum assistance to New York businesses in their use of the contract. The potential participation by all kinds of New York businesses will deliver great value to New York State and its taxpayers.

Bidders/proposers can demonstrate their commitment to the use of New York State businesses by responding to the question "Will New York State Businesses be used in the performance of this contract?" on the offerors information sheet included in this RFQ.

**N. Restrictions on the Activities of Current and Former State Officers and Employees**

Contractors and their employees are cautioned that the hiring of former state employees may violate the Ethics Law. The governing provisions are set forth in Paragraphs 73 and 74 of the Public Officers Law, and the underlying principle of the law is to prevent conflicts of interest, and encourage ethical behavior. The law may be found on the following web site: <http://www.jcope.ny.gov/law/ethics.html>.

While the two most relevant paragraphs of law are contained below, any questions relating to interpretation of the Public Officers Law should be directed to the Ethics Commission at (518) 432-8207 or (800) 873-8442 {(800) 87-ETHIC}.

Public Officers Law Paragraph 73(8)(a)(i) and (ii):

73. 8. (a) (i) No person who has served as a state officer or employee shall within a period of two years after the termination of such service or employment appear or practice before such state agency or receive compensation for any services rendered by such former officer or employee on behalf of any person, firm, corporation or association in relation to any case, proceeding or application or other matter before such agency.

73. 8. (a) (ii) No person who has served as a state officer or employee shall after the termination of such service or employment appear, practice, communicate or otherwise render services before any state agency or receive compensation for any such services rendered by such former officer or employee on behalf of any person, firm, corporation or other entity in relation to any case, proceeding, application or transaction with respect to which such person was directly concerned and in which he or she personally participated during the period of his or her service or employment, or which was under his or her active consideration. Former State

employees may be retained by a Contractor under contract with a state agency, after he or she leaves State service, provided that they are not placed back at their former agency during their two year postemployment period or engaged in any other activities that would violate the lifetime bar provision of Public Officers Law Paragraph 73(8)(a)(ii). An individual who, following a hearing, is found to have knowingly and intentionally violated the provisions of Public Officers Law Paragraph 73(8)(a)(i) may be subject to a civil penalty in an amount not to exceed ten thousand dollars (\$10,000.00) for each violation.

O. Determination of Vendor Responsibility

New York State procurement law requires that State agencies award contracts only to responsible contractors. Additionally, the Comptroller must be satisfied that a proposed contractor is responsible before approving a contract award under Section 112 of the State Finance Law. Section 163 of the State Finance Law (SFL) requires that contracts for services and commodities be awarded on the basis of lowest price or best value “to a responsive and responsible offerer.” Section 163 (9) f of the SFL requires that prior to making a contract award, each contracting agency shall make a determination of responsibility of the proposed contractor.

- a) In accordance with these procurement laws, the Purchase College will conduct an affirmative review of vendor responsibility for all organizations or firms with which it conducts business. In doing so, Offerers are required to file the Vendor Responsibility Questionnaire online via the New York State VenRep System or may choose to complete and submit a paper questionnaire. To enroll in and use the VendRep System, see the VendRep System Instructions available at <http://www.osc.state.ny.us/vendrep/index.htm> or go directly to the VendRep System online at <https://portal.osc.state.ny.us>. For direct VendRep System user assistance, the OSC Help Desk may be reached at 866-370-4672 or 518-408-4672 or by email at [helpdesk@osc.state.ny.us](mailto:helpdesk@osc.state.ny.us). Offerers opting to file a paper questionnaire may obtain the appropriate questionnaire from the VendRep website [http://www.osc.state.ny.us/vendrep/forms\\_vendor.htm](http://www.osc.state.ny.us/vendrep/forms_vendor.htm) or may contact Purchase College for a copy of the paper form.
- b) The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by Purchase College, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.
- c) Purchase College, at its sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when it discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as Purchase College issues a written notice authorizing a resumption of performance of the Contract.
- d) Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate officials or staff, the Contract may be terminated by Purchase College at the Contractor’s expense where the Contractor is determined by Purchase College to be non-responsible. In such event, Purchase College may complete the contractual requirements in any manner it deems advisable and pursue available or equitable remedies for breach.

P. Sales and Compensating Use Tax Documentation

Pursuant to New York State Tax Law Section 5-a (Chapter 60, Part N, Laws of 2004, and amended Chapter 62, Part L, Laws of 2006), for procurements of \$100,000 and greater, a completed Contractor Certification form ST-220-CA must be collected from Contractors. The link to obtain the blank form ST-220-CA is: [http://www.tax.ny.gov/pdf/current\\_forms/st/st220ca\\_fill\\_in.pdf](http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf)

Q. State Finance Law §§ 139-j and 139-k

1. a. Prior to approval by Purchase College, or, if applicable, the Office of the State Comptroller (OSC), of the contract for which this solicitation has been issued, an Offerer shall not communicate with Purchase College other than with the persons identified in this solicitation as Designated Contacts, or with a person who the Designated Contacts has advised the Offerer is also a Designated Contact.
- b. **The Designated Contacts for this IFB are identified on page 1 of this IFB.**
- i. Policy and Procedure of the State University of New York  
State Finance Law §§ 139-j and 139-k, enacted by Ch. 1 L. 2005, as amended by Ch. 596 L. 2005, effective January 1, 2011, regulate lobbying on government procurement, including procurements by State University to obtain commodities and services and to undertake real estate transactions.

Generally, the law restricts communications between a potential vendor or a person acting on behalf of the vendor, including its lobbyist, to communications with the officers and employees of the procuring agency designated in each solicitation to receive such communications. Further, the law prohibits a communication (a “Contact”) which a reasonable person would infer as an attempt to unduly influence the award, denial or amendment of a contract. These restrictions apply to each contract in excess of \$15,000 during the “restricted period” (the time commencing with the earliest written notice of the proposed procurement and ending with the later of approval of the final contract by the agency, or, if applicable, the State Comptroller). The agency must record all Contacts, and, generally, must deny an award of contract to a vendor involved in a knowing and

willful Contact. Each agency must develop guidelines and procedures regarding Contacts and procedures for the reporting and investigation of Contacts. The agency's procurement record must demonstrate compliance with these new requirements.

Accordingly, neither a potential vendor nor a person acting on behalf of the vendor should contact any individual at State University other than the person designated in this solicitation as State University's Designated Contact, nor attempt to unduly influence award of the contract. State University will make a record of all Contacts, and such records of Contact will become part of the procurement record for this solicitation. A determination that a vendor or a person acting on behalf of the vendor has made intentionally a Contact or provided inaccurate or incomplete information as to its past compliance with State Finance Law §§139-j and 139-k is likely to result in denial of the award of contract under this solicitation. Additional sanctions may apply.

A complete copy of the State University of New York Procurement Lobbying Policy and Procedure is available for review at [http://www.suny.edu/sunypp/documents.cfm?doc\\_id=430](http://www.suny.edu/sunypp/documents.cfm?doc_id=430)

3. Each Offerer shall submit with its Bid a written affirmation of its understanding of the State University's procurement lobbying procedures and agreement to comply with such procedures. Please see form B:  
[http://www.suny.edu/sunypp/documents.cfm?doc\\_id=282](http://www.suny.edu/sunypp/documents.cfm?doc_id=282)
4. Each Offerer shall submit with its Bid written disclosure as to whether the Offerer has been determined to be non-responsible within the previous four years by reason of having violated NY State Finance Law § 139-j or having intentionally provided false or incomplete information to a Governmental Entity with respect to its compliance with NY State Finance Law §139-j; and certification that the Offerer has provided accurate and complete information with respect to the Offerer's compliance with NY State Finance Law §§ 139-j and 139-k within the previous four years. Please see form C:  
[http://www.suny.edu/sunypp/documents.cfm?doc\\_id=283](http://www.suny.edu/sunypp/documents.cfm?doc_id=283)

Qualification for a waiver under this law will be the responsibility of the Contractor. Annually, but no later than March 1st, the Contractor shall complete and submit directly to the State University of New York ("SUNY"), via electronic mail, the Regulated Entity Vehicle Inventory Form and Regulated Entity and Contractors Annual Report forms at the Department of Environmental Conservation ("DEC") website: <http://www.dec.ny.gov/chemical/4754.html> for heavy duty vehicles used in the performance of this Contract for the preceding calendar year. ## **Equivalents - Approved Equal**

### **A. EQUIVALENTS OR APPROVALS - GENERAL**

- (1) The words "similar and equal to", "or equal", "equivalent", and such other words of similar content and meaning shall, for the purposes of this Contract, be deemed to mean similar and equivalent to one of the named products. For the purposes of subdivisions A and B of this Section and for purposes of the Bidding Documents, the word "products" shall be deemed to include the words "articles", "materials", "items", "equipment" and "methods". Whenever in the Contract Documents one or more products are specified, the words "similar and equal to" shall be deemed inserted.
- (2) Whenever any product is specified in the Contract Documents by a reference to the name, trade name, make or catalog number of any manufacturer or supplier, the intent is not to limit competition, but to establish a standard of quality which the Consultant has determined is necessary for the Project. A Contractor may at its option use any product other than that specified in the Contract Documents provided the same is approved by the Consultant in accordance with the procedures set forth in subdivision B of this Section. In all cases the Consultant shall be the sole judge as to whether a proposed product is to be approved and the Contractor shall have the burden of proving, at its own cost and expense, to the satisfaction of the Consultant, that the proposed product is similar and equal to the named product. In making such determination the Consultant may establish such objective and appearance criteria as it may deem proper that the proposed product must meet in order for it to be approved.
- (3) Nothing in the Contract Document shall be construed as representing, expressly or implicitly, that the named product is available or that there is or there is not a product similar and equal to any of the named products and the Contractor shall have and make no claim by reason of the availability or lack of availability of the named product or of a product similar and equal to any named product.

- (4) The Contractor shall have and make no claim for an extension of time or for damages by reason of the time taken by the Consultant in considering a product proposed by the Contractor or by reason of the failure of the Consultant to approve a product proposed by the Contractor.
- (5) Requests for approval of proposed equivalents will be received by the Consultant only from the Contractor.

## **B. EQUIVALENTS OR APPROVALS AFTER BIDDING**

- (1) Requests for approval of proposed equivalents will be considered by the Consultant after bidding only in the following cases: (a) the named product cannot be obtained by the Contractor because of strikes, lockouts, bankruptcies or discontinuance of manufacture and the Contractor makes a written request to the Consultant for consideration of the proposed equivalent within ten (10) calendar days of the date it ascertains it cannot obtain the named product; or (b) the proposed equivalent is superior, in the opinion of the Consultant, to the named product; or (c) the proposed equivalent, in the opinion of the Consultant, is equal to the named product and its use is to the advantage of the University, e.g., the University receives an equitable credit, acceptable to it, as a result of the estimated cost savings to the Contractor from the use of the proposed equivalent or the University determines that the Contractor has not failed to act diligently in placing the necessary purchase orders and a savings in the time required for the completion of the construction of the Project should result from the use of the proposed equivalent; or (d) the proposed equivalent, in the opinion of the Consultant, is equal to the named product and less than ninety (90) calendar days have elapsed since the Notice of Award of the Contract.
- (2) Where the Consultant pursuant to the provisions of the subdivision approves a product proposed by a Contractor and such proposed product requires a revision or redesign of any part of the work covered by this Contract, all such revision and redesign and all new Drawings and details required therefore shall be subject to the approval of the Consultant and shall be provided by the Contractor at its own cost and expense.
- (3) Where the Consultant pursuant to the provisions of this Section approves a product proposed by a Contractor and such proposed product requires a different quantity and/or arrangement of duct work, piping, wiring, conduit or any other part of the work from that specified, detailed or indicated in the Contract Documents, the Contractor shall provide the same at its own cost and expense.

## **Guarantees**

- (1) The Contractor, at the convenience of the University, shall remove, replace and/or repair at its own cost and expense any defects in workmanship, materials, ratings, capacities or characteristics occurring in or to the work covered by the Contract within one (1) year or within such longer period as may otherwise be provided in the Contract, the period of such guarantee to commence with the University's final acceptance of all work covered under the Contract or at such other date or dates as the University may specify prior to that time, and the Contractor, upon demand, shall pay for all damage to all other work resulting from such defects and all expenses necessary to remove, replace and/or repair such other work which may be damaged in removing, replacing or repairing the said defects. The obligations of the Contractor under the provisions of this paragraph or any other guarantee provisions of the Contract Documents are not limited to the monies retained by the University under the Contract.
- (2) Unless such removal, replacement and/or repair shall be performed by the Contractor within ten (10) working days after it receives written notice from the University specifying such defect, or if such defect is of such a nature that it cannot be completely removed, repaired and/or replaced within said ten (10) day period and the Contractor shall not have diligently commenced removing, repairing and/or replacing such defect within said ten (10) day period and shall not thereafter with reasonable diligence and in good faith proceed to do such work, the University may employ such other person, firm or corporation as it may choose to perform such removal, replacement and/or repair and the Contractor agrees, upon demand, to pay to the University all amounts which it expends for such work.

## **Prevailing Wage Rates**

Prevailing Wage Rates apply to this project. This is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

## **Commencement, Prosecution and Completion of Work**

- (1) The Contractor agrees that it will begin the work upon receipt of a fully executed contract, unless the University consents in writing to begin on a different date, and that it will prosecute the same with such diligence that all work covered by the Contract shall be entirely completed and performed on or before the time specified on page one of the Agreement.
- (2) The Contractor further agrees that time is of the essence in this Contract and that the work shall be prosecuted in such manner and with sufficient plant and forces to complete all the work by the specified completion date.

## **Time Progress Schedule**

- (1) To show compliance with the requirements of Section 3.01 of the Agreement, provide and maintain a time progress schedule. After Contract Award, but before processing second progress payment application, the Contractor, unless otherwise directed by the University, shall submit to the University and the Consultant for their acceptance its proposed working plan and time progress schedule for all the work covered by the Contract, and shall include activities for preparation and submission of all Shop Drawings and Samples.
- (2) The working plan and time progress schedule shall be in the form of suitable charts, diagrams or bar graphs and shall be based on the Contractor's logic and time estimates. Such plan and schedule shall be sufficiently detailed to show clearly, in sequence, all salient features of the work of each

trade including: the anticipated time of commencement and completion of such work and the interrelationship between such work, submission of Shop Drawings and Samples for approval, approval of Shop Drawings and Samples, placing of orders of materials, fabrication and delivery of materials, installation and testing of materials, contiguous or related work under other contracts, and other items pertinent to the work.

- (3) Phases of work shall include time in the schedule for training crews, acclimating trades to the sequence and apportionment of activities, additional meetings with the owner, consultant, Contractor and the significant subcontractors, and re-sequencing activities to recover from start-up delays typically caused by normal activities associated with the start-up of field work.
- (4) The aforesaid proposed working plan and schedule shall be revised by the Contractor until they are satisfactory to the University and the Consultant, and the same shall be periodically revised thereafter and submitted by the Contractor to the University and the Consultant for approval at such time or times as the University or the Consultant may request.
- (5) The proposed working plan and schedule, including any revision or revisions thereof, when approved by both the University and the Consultant shall be known as the Schedule of Record. The Schedule of Record, as the same may be revised from time to time by the Contractor and approved by the University and the Consultant, shall be strictly adhered to by the Contractor.
- (6) If through the fault of the Contractor or any subcontractor the Contractor shall fail to adhere to the time progress schedule, it must promptly adopt such other and additional means and methods of construction as will make up for the time lost and will assure completion in accordance with such schedule.
- (7) The failure of the Contractor to submit a Time Progress Schedule, the University's or the Consultant's acceptance of the Contractor's time progress schedule or lack of such acceptance, the means and/or methods of construction employed by the Contractor, including any revisions thereof, and/or its failure to revise the same shall not relieve the Contractor of its obligation to accomplish the result required by the Contract in the time specified on page 1 of the Agreement, nor shall the exercise of such right to reject, create or give rise to any claim, action or cause of action, legal, equitable or otherwise, against the Consultant or the University.

### **Time Schedule for Shop Drawings and Samples**

- (1) The Contractor shall include activities for the preparation and submission of all Shop Drawings and Samples in the Time Progress Schedule.

### **Notice of Conditions Causing Delay**

- (1) Within ten (10) working days after the commencement of any condition which is causing or may cause delay in completion, the Contractor must notify the Consultant and the University in writing of the effect, if any, of such condition upon the time progress schedule, and must state why and in what respects, if any, the condition is causing or may cause such delay.
- (2) Failure to strictly comply with this requirement may, in the discretion of the University, be deemed sufficient cause to deny any extension of time on account of delay in completion arising out of or resulting from any change, extra work, suspension, or other condition.

### **Extension of Time**

- (1) An extension or extensions of time for the completion of the work may be granted by the University subject to the provisions of this Section, but only upon written application therefore by the Contractor to the University and the Consultant.
- (2) An application for an extension of time must set forth in detail the source and the nature of each alleged cause of delay in the completion of the work, the date upon which each such cause of delay began and ended and the number of days of delay attributable to each of such causes. It must be submitted prior to completion of the work.
- (3) If such an application is made, the Contractor shall be entitled to an extension of time for delay in completion of the work caused solely: (a) by the acts or omissions of the University, its trustees, officers, agents or employees; or (b) by the acts or omissions of other contractors, not including subcontractors of the Contractor, on this Project; or (c) by unforeseeable supervening conditions entirely beyond the control of either party hereto (such as, but not limited to, acts of God or the public enemy, war or other national emergency making performance temporarily impossible or illegal, or strikes or labor disputes).
- (4) The Contractor shall, however, be entitled to an extension of time for such causes only for the number of calendar days of delay which the University may determine to be due solely to such causes, and then only if the Contractor shall have strictly complied with all of the requirements of this Section and Section 3.04. The University shall make such determination within ninety (90) calendar days after receipt of the Contractor's application for an extension of time; provided, however, said application complies with the requirements of this Section.
- (5) The Contractor shall not be entitled to receive a separate extension of time for each one of several causes of delay operating concurrently, but, if at all, only for the actual period of delay in completion of the work as determined by the University, irrespective of the number of causes contributing to produce such delay. If one of several causes of delay operating concurrently results from any act, fault or omission of the Contractor or of its subcontractors or materialmen, and would of itself (irrespective of the concurrent causes) have delayed the work, no extension of time will be allowed for the period of delay resulting from such act, fault or omission.
- (6) The granting of an application for an extension of time for causes of delay other than those herein referred to shall be entirely within the discretion of the University.
- (7) If the Contractor shall claim to have sustained any damages by reason of delays, extraordinary or otherwise, or hindrances which it claims to be due to any action, omission, direction or order by the University or the Consultant, the Contractor shall be entitled only to an extension of time as hereinabove provided and shall not have or assert any claim or prosecute any suit, action, cause of action or proceeding against the University based upon such delays or hindrances, unless such delays or hindrances were caused by the University's bad faith or its willful, malicious, or grossly negligent conduct, or unanticipated delays, or delays so unreasonable that they constitute an intentional abandonment of the contract by the University, or delays resulting from the University's breach of a fundamental obligation of the contract.

## Computation of Bid

- (1) In computing their bids, bidders are not to include the sales and compensating use taxes of the State of New York or of any city and county in the State of New York for any supplies or materials which are incorporated into the completed Project as the University is exempt from such taxes.
- (2) Unit prices may be inserted in the Proposal by the University or the bidder at the discretion of the University. Any unit prices listed in the Proposal by the University are based upon the Consultant's appraisal of a fair cost for the work involved. Such listed prices will be binding upon both the bidder and the University unless the bidder wishes to change any of such unit prices by crossing out the listed unit price and inserting a revised unit price. Such revised unit price shall not be binding upon the University unless it accepts the same, in writing, before it issues a Notice of Award. In the event the Proposal contains blank spaces for unit prices or the bidder revises any stated unit price, the amount of such unit prices for additions shall not vary by more than 15 percent from the prices inserted by the bidder for deductions, and, if the variance of such prices exceeds 15 percent, the University may adjust the deduction price inserted by the bidder so that it is only 15 percent lower than the addition price inserted by the bidder. In addition, the University may adjust any unit price filled in by a bidder to an amount agreeable to both the bidder and the University or it may reject any unit prices.
- (3) Alternates, if any, listed in the Proposal shall be accepted in the order indicated and will be used in combination with the Base Bid to determine the low bidder. Unit prices will not be used to determine the low bidder.
- (4) If a tie bid should occur the University reserves the right to use one of the following methods to determine the successful bidder. For tie bids between two contractors the University representative shall flip a coin, both affected contractors must be present for the coin toss. For tie bids between three or more contractors the University representative shall pull names from a bowl, hat or other container. The affected contractors must be present for the drawing.

## Required Bonds and Insurance

  - a. A Performance Bond which bonds shall be on the form prescribed by the University and in an amount not less than 100 percent of the total amount of the Contract awarded to the Contractor by the University said bond must be issued by a surety company approved by the University and authorized to do business in the State of New York as a surety.
  - b. Attorneys-in-fact who execute said Bonds on behalf of a surety must affix thereto a certified and effectively dated copy of their power of appointment.
- (2) Prior to the commencement of work the Successful Bidder will provide, at its sole cost and expense, Certificates of Insurance in accordance with the Construction Agreement, which shall remain in force throughout the term of the agreement, or any extension thereof. Such Certificates of Insurances shall be from an insurance company licensed by the New York State Department of Insurance with a rating of at least "A-" as published with Standard & Poor's, and a liability insurance policy with limits no less than 4 million dollars per occurrence. If during the term of the policy, the carrier's rating falls below "A-", the liability insurance must be replaced no later than the renewal date of the policy with an insurer acceptable to the State of New York. Such policies shall name the STATE UNIVERSITY OF NEW YORK as an additional insured. The policy shall designate the State University of New York as the loss payee and shall contain a provision that the State University of New York shall receive at least thirty (30) days' notice prior to material change, cancellation or expiration of any such policy.
- (3) **Workers Compensation Insurance & Disability Benefits Coverage**  
All employees of the Successful Bidder shall be adequately and properly covered by Workers' Compensation Insurance and Disability Benefits coverage for all work related to the resultant contract. Such policies shall name the STATE UNIVERSITY OF NEW YORK as an additional insured and are to be written by recognized and well-rated insurance companies authorized to transact business in the State of New York. The Successful Bidder shall deliver certificates of such coverage, or proof that such coverage is not required, in the required format, as required by the Workers' Compensation Board, to the following when the agreement is signed by the parties and thereafter not less than thirty (30) days prior to material change or cancellation of such coverage.

In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

**26. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.** To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the Contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or SUNY discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if SUNY determines that such action is in the best interests of the State.
