

IFB ASC-062014R
Shuttle Bus Loop Services

Addendum No. 1

Question 1

There is a concern in finalizing our pricing. Based on the loop schedules that were provided it appears that there is 1 bus running the White Plains loop on a 52 minute round trip.

When we were filling out the price page there is 2 buses indicated at 15 hours each. Can we get quick clarification so we can submit our bid to you? This takes the estimated service hours from 4,900 up to 8,740 which is significant.

Answer to Question 1

The loop schedule that we provided has 1 bus running the White Plains loop on a 52 minute round trip. However, the costs breakdown has 2 busses running the White Plains loop. The reason for this is moving forward we would like to operate 2 vehicles for the White Plains loop. Please provide pricing based on 2 vehicles.

Question 2

Would it be possible to push back the bid due time till close of business on Thursday instead of 1:00 pm?

Answer to Question 2

The IFB deadline will be extended to Thursday, July 17,2014 @ 1PM.
