

International Student Financial Statement Form

International students must document their ability to meet all educational and living expenses for the first year of their intended study before Purchase College can issue a Certificate of Visa Eligibility (form I-20 or DS-2019) per immigration regulations. Although you must only show proof for the first year of study, funding must be available for your entire course of study from your personal or sponsored funding sources. International students are NOT eligible for financial aid and U.S. Federal immigration regulations severely restrict international student employment so students should not expect to subsidize their studies by earning income in the United States.
