Description of the Weapon and How it will be used

Black Revolver - Metal
Heavy all black metal revolver

The gun is preset on a couch onstage at the start of the show. Elizabeth will pull it out and point this at an actor before putting it down to search the actor's backpack. She will put it back in the couch. Later, she will run offstage and get the gun again. It will be pointed over the audience during a fake fire fight at the house doors in the audience. It is never fired.
