Mayor Bradley	6	Don't you want to see how Fall Springs can help you achieve your dreams? Well, come on down to our Semi-Centennial Celebration in <u>two</u> weeks. See for yourself how, for us, and hopefully you, Fall Springs is essential.	S	Replaced two with next
Mayor Bradley	7	Aaaaand cut! My citizen friends, we have just made the best small town video promotion the World Wide InterWeb will ever see! AND I believe that this video will lead to the greatest, most successful, desperately-needed Semi-Centennial Celebration we could ever have. Great job almost everyone!	R	Review paragraph
Mayor Bradley	11	If I ever see you holding a bag of soil again so help me God I will send you <u>straight</u> to art school! Rocks fall, Eloise. Caves collapse. And then, all you're left with is...	S	Replaced straight with directly
Mayor Bradley	15	<u>Our</u> Fall Springs video has over 400 views!	D	Dropped red word
Mayor Bradley	16	I know it's been hard for us here. Feels like the last, several years have been one senseless tragedy after the next. First, the interstate bypass, then the VCR plant shut down, and now those old, traditional style <u>Essential Oil</u> drills aren't drawing as much as they used to...	D	Dropped red words
Mayor Bradley	16	I truly hope our Semi-Centennial will be that turning point, that transformational moment, that hard, wet, stinging slap in the face that allows us to finally look to the future and forget about all of the awful things. Please let it be enough.	R	Review paragraph
Mayor Bradley	17	But, Beverly Cushman, our diminishing tax revenue from your company indicates that the wells have been drying up.	P	Paraphrased paragraph
Mayor Bradley	18	So you are proposing to drill a new well under Fall Springs and pump huge amounts of liquid at high pressure into the rocks to release essential oil that is trapped in the cracks?	R	Review paragraph
Mayor Bradley	18	And all that pumping, filling and drilling is happening along this horizontal line that goes right underneath the entire town?	R	Review paragraph
Mayor Bradley	19	<u>It's the worst, but -</u>	S	Subsituted red words with "it's

Mayor Bradley	32	If "her" listened to me instead of you "her'd" still be alive today!		

Mayor Bradley	33	Beverly Cushman, start your new drills at full capacity. <u>As soon as possible</u> . Frack. Frack like the wind! I'm going to the gym.	D	Dropped red line
Mayor Bradley	52	And we are about to celebrate that.	P	Paraphrased line
Mayor Bradley	52	You know I tried to stop her from going in that cave. I almost convinced her to take the day off and have a picnic. But she insisted she needed to show her daughter to never give up on pursuing the truth.	L/R	Called Line, Review
Mayor Bradley	55	This is so neat! Look at all of you here, packed in so tightly; Amoral Investors, essential oil enthusiasts, ironic fans of small town values... all standing together, blindly staring forward. <u>You are all an important part of the future of Fall Springs. Your positive spirit, your collective presumption that life is on it's way up, on the rise, and that nothing could suddenly get worse... is crucial to what could happen here.</u> A thousand years in the future, our descendants are going to look back on this very Fall Springs day, and they will think, "That was their moment. That was their moment to make a difference." And that "that" is our "this." This is our moment.	L/R	Called Line, Review
Mayor Bradley	68	Is everyone all right?	R	Review Page 68 & 69
Mayor Bradley	68	Great. Because we are safe. Unlike the hundreds and hundreds of unseen people currently in the midst of terrible end-of-life moments, we are totally totally fine.		
Mayor Bradley	68	What is most important now is that we remain calm, ignore the dying people, and stay positive until we get rescued.		
Mayor Bradley	69	Because I am about to call the... shoot. Could everyone try their phone?		
Mayor Bradley	69	And that is OK. No Verizon is OK. We'll just find some other way to call for help.		
Mayor Bradley	69	And that is all still totally calmly ok! I'm sure the government already knows about what's happening here.		
Mayor Bradley	71	Everything was going beautifully until you showed up with your music and your warnings and her "theories"! Now look what happened!	L	Called Line
Mayor Bradley	79	Great idea, Beverly. We really really need to stay positive!	R	Review

Mayor Bradley	96	I have devoted every waking hour of my life to Fall Springs. I got a second Master's degree in Town Executive Management from the University of Pheonix. I work out six days a wekk. With a trainer! But nothing happens how I plan. I host a deadly festival, I pull out arms, and I can't self actualize us ot safety.	R	Review page 96
Mayor Bradley	96	And it hurts.		
Mayor Bradley	96	Nobody could have stopped Mildred Bradley, Noland. I know that more than anyone. God I really should have listened to my wife.
