General Information About Purchase College:

Governor Nelson Rockefeller founded “SUNY Purchase” in 1967 as the cultural center of the State University of New York’s network of 64 universities and colleges. He envisioned a singular campus, a creative and intellectual laboratory—where conservatory training in the visual, performing, and theatre arts would coexist with programs in the liberal arts and sciences creating an environment where each informed and inspired the other. Today, with a full-time student population of approximately 3,700, Purchase College, SUNY is a community of students, faculty, and friends where open minded engagement with the creative process leads to a lifetime of intellectual growth and professional opportunity. At Purchase, the safety and wellbeing of students, faculty, staff, and visitors is of highest concern. On duty 24/7, we are committed to keeping our campus safe and secure. However, a truly safe campus can only be achieved through the cooperation of all members of the

campus community. The Campus Security Report helps to ensure this collaborative endeavor is effective and in compliance with the federal Student Right-to-Know and Crime Awareness and Campus Security Act of 1990 and The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998.

Disclosure of Policy

Statement Preparing and Reporting the Annual Disclosure of Crime Statistics

The New York State University Police Department (NYSUPD), in conjunction with the Purchase College Office of the President, the Office of Student Affairs, Office of Human Resources, and local law enforcement agencies, prepare this report to comply fully with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. Statistics are compiled in accordance with the Uniform Crime Reporting System of the Department of Justice and the Federal Bureau of Investigation. Campus crime, arrests and referral statistics include those reported to NYSUPD, other local law enforcement entities and designated campus officials including but not limited to:

Title IX Investigator
Athletics
Office of Student Affairs
International Studies
Office of Community Engagement
Office of Human Resources
Office of Community Standards
Health Services
The Counseling Center
Harbor Center

The statistics also include reports made to campus personnel serving as directors, deans, department heads, student organization advisors, and athletic coaches. Crimes reported herein have occurred either on campus, or on locations that are contiguous to the campus, and/or at buildings or properties that are either owned or controlled by a campus affiliated entity, including officially recognized student organizations. See the campus map located on page 11 herein for the boundaries of crime reporting in accordance with the Clery Act.

Purchase College encourages every member of the campus community to report a crime promptly to the NYSUPD, other campus security authorities or in the case of sexual violence, to the Title IX Investigator. Students are also informed of their right to obtain support services by making a confidential report to the Counseling Center, Health Services or the Wellness Center. The College's voluntary confidential reporting options are offered for those who may not want to pursue action either within the federal or state criminal justice system or within the College's discipline system, but who need support services. A procedure is in place to capture crime statistics which are disclosed anonymously to NYSUPD and/or the Title IX Investigation.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provides the web site to access this report. These statistics are published yearly in this Annual Security Report and also reported to the [U.S. Department of Education](#). Any questions regarding the report shall be directed to the Police Chief or Inspector of the NYSUPD. Copies of the report may be obtained at the Police Department Headquarters located at the Lincoln Avenue underpass:

Purchase College-SUNY
735 Anderson Hill Rd
Purchase NY 10577

or by calling NYSUPD at (914) 251-6900. All prospective students and employees may obtain a copy the [Annual Security and Fire Safety Report](#) by calling NYSUPD or the Office of Admissions 914-251-6300.

Security and Access of Campus Buildings

Residence Halls and Apartments

During the past several years, Purchase College has enacted many programs to enhance the security of residents. These initiatives include:

- Security viewing holes on most residence hall room doors.
- Residence hall access doors locked 24-hours a day.
- Card readers on entrance doors of newly renovated buildings.
- Security patrols of all residential areas during all hours.
- Emergency Blue Light phones strategically placed in proximity of residence halls and apartments.
- A Residence Coordinator and Resident Assistants are always on duty when students are in residence. There is always a back-up manager on duty as well.
- Throughout the year, Residential Life staff offers programs relating to personal safety. Many are conducted in conjunction with the New York State University Police (NYSUPD). The Personal Safety Committee on Campus Security meets regularly to recommend safety improvements to college administration.
- If keys are lost, lock changes will be performed, and all involved student residents are issued new keys.

Other Campus Buildings, Academic and Non-Academic

Most campus facilities, except for residence halls, are open to the public during the day and evening hours when classes are in session. Residence Halls are locked twenty-four hours a day, seven days a week, with key or card access for residents and other authorized individuals. The general public is encouraged to attend cultural, athletic and other activities on campus with access limited to the facilities in which the events take place. At night and during periods of time when classes are not in session, college buildings are generally locked. Faculty, staff and limited numbers of students with proper identification and appropriately issued keys and access cards are allowed access to the buildings. Campus employees with assigned offices are issued keys. They are responsible for reporting missing and stolen keys.

Campus Law Enforcement Authority and Jurisdiction

The New York State University Police Department (NYSUPD) at Purchase College is responsible for law enforcement, security, and emergency response for the campus. The department consists of the Chief, Assistant Chief, Inspector, 5 Lieutenants, Investigator, 16 Police Officers, 4 Communication Officers, 4 Community Service Officers, 2 Physical Security Specialists and an Administrative Assistant to the Chief. All sworn members are New York State certified police officers.

The members of the NYSUPD are Police Officers pursuant to Section 1.20, Paragraph 34 (S) of the Criminal Procedure Law of the State of NY. In addition, the Police officers are appointed by the State University of New York (SUNY) pursuant to Subdivision 2 of Section 355 of NYS Education Law. NYSUPD Officers are trained at local police academies and receive their certifications from the New York State Municipal Police Training Council. Officers also receive specialized training in first aid, CPR, Narcan, defensive tactics, New York State Law, criminal investigation, victim services, and a variety of other law enforcement topics.

Officers have full policing authority. This authority allows them to apprehend and arrest perpetrators of crime anywhere in New York State. NYSUPD may arrest for crimes that include major offenses such as rape, murder, aggravated assault, robbery and auto theft to minor offenses such as traffic violations. Officers also have the authority to execute arrest, search and bench warrants. Officers may conduct a temporary detention and

emergency search for a weapon and accept possession of lost property. In accordance with the NYS Mental Hygiene Law, officers can take into custody and transport a person likely to be a danger to themselves or others.

If minor offenses involving violations of college rules and regulations are committed, NYSUPD may refer the individual to the disciplinary Office of Student Affairs and the Office Community Standards or the Office of Human Resources. This includes but not limited to violations of the Student Code of Conduct. NYSUPD works closely with local, state and federal police agencies, and it has direct access to national and statewide computer databases for accessing criminal history data, nationwide police records, driver/vehicle identification information as well as other law enforcement information. NYSUPD also maintains cooperative agreements with the Rye Brook Police, Harrison Police, Westchester County Police and the New York State Police relative to joint policing, investigations and enforcement to secure the safety of the campus, and the contiguous town and village. Namely, these agreements state that NYSUPD will be primarily responsible for the investigation of crimes occurring on campus property, and the contiguous law enforcement agencies will be primarily responsible for the investigation of crimes occurring in their respective jurisdictions; the departments will cooperate with each other in such investigations.

Officers are responsible for enforcing all state, federal and local laws, as well as the rules and regulations of the college. In addition to this, they also provide services including medical assistance, crime prevention, and community policing programs. NYSUPD patrols the campus and adjoining roadways by means of vehicle, bike, and foot. The department also employs unsworn Community Service Officers to augment police patrols in academic buildings and the academic mall, providing courtesy escorts, emergency blue light phone and AED inspections.

Daily Logs

NYSUPD maintains a daily log of all campus criminal activity, which is available for viewing at the station upon request. The [Monthly Blotter](#) can be found online.

Procedure After A Call Comes Into NYSUPD

After a call comes in, police or other College personnel, fire and/or ambulance service will be dispatched as appropriate to the location of the call. Criminal offenses are pursued by NYSUPD. NYSUPD communicates routinely with other law enforcement agencies in the area.

Steps to Making a Report:

- Choose a resource (page 8) that you feel comfortable reporting to such as: Campus Security Authority, NYSUPD and Confidential Sources such as Health Services, Counseling and Wellness.
- Once you have chosen your resources, you can expect to meet with the appropriate staff.
- New York State University Police will give you the option to make your report at police headquarters or at a location that makes you feel comfortable and safe.

Note: Depending on your situation, the campus advocate, counseling and/or medical services will be provided.

At your meeting you should expect to provide the following information:

- Your name and pedigree (DOB, address, phone number etc.)
- The suspect's name and pedigree (if known)
- The nature of the complaint (describe verbally, written or both)
- Verbal: Talking through the incident with an officer.
- Written: Writing a formal document detailing what occurred in an accurate truthful and descriptive manner in a chronological order.
- The officer will explain various options such as filing criminal charges (if applicable). At this time, you can request an Order of Protection. Whether or not you decline to press criminal charges, the report will be referred to the Office of Student Affairs and Office of Community Standards where you may request a No Contact order. Other residential and classroom accommodations can also be requested at this time.

An investigation will commence if you decide to press criminal charges:

- Collect all appropriate evidence
- Communicate with the Assistant District Attorney's (ADA) Office
- File the appropriate court paperwork
- Apprehend suspect, interview and process if charges apply
- Victims may have to appear in court and communicate with the ADA. If you choose not to file criminal charges at the time of the incident, the officer will explain your options on how to file criminal charges later.

If applicable, your report will be disseminated to the appropriate departments dealing with the handling of your report

Reporting Missing Persons

Purchase College Missing Persons Policy

If a member of the Purchase College community has reason to believe that a student who resides in on-campus housing is missing, he or she or designated pronoun should immediately notify NYSUPD at (914) 251-6911 and the NYSUPD will generate a missing person report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify a confidential individual to be contacted by Student Affairs in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Student Affairs will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the Office of Student Affairs. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

After investigating a missing person report, should New York State University Police determine that the student has been missing for 24 hours, Student Affairs will notify the student's emergency contact no later than 24 hours after the student is determined to be missing. If the student is under the age of 18 and is not an

emancipated individual, Student Affairs will notify the students parent or legal guardian immediately after NYSUPD has determined that the student has been missing for 24 hours. Note that while the above notifications are required under federal law, nothing precludes contacting these or any other persons during the investigation if doing so may further the investigation, whether 24 hours has passed or not; regardless if over the age of 18, emancipated, or confidential contact.

Appropriate to the particulars of the report, other resources may be contacted to assist with an investigation, including other law enforcement agencies.

The process for identifying Campus Security Authorities is based on departmental exposure with students and employees within the campus community, where reporting is essential. Their roles are actuated through quarterly meetings throughout the course of the year. CSAs are trained through local and SUNY training/conferences and workshops. Pastoral counselors, advocates and mental health counselors at the college are not Campus Security Authorities and are therefore exempt from disclosing or reporting allegations of crimes and incidents. However, to be exempt from the Clery Act reporting requirements, the counselor must be acting

in their professional role of pastoral or mental health counselors at the University. For example, a Dean who has PhD in psychology is not acting in the counseling role, but rather as a Dean; and a PhD student in psychology working in the counseling center as part of his/her education and training is acting in the counseling role. Pastoral counselors, advocates and mental health counselors are trained in the procedures for reporting crimes and the procedures for reporting crimes confidentially. The college encourages them to inform their clients of the procedures in accordance with their professional judgment, given the individual victim and circumstances before them.

Professional Counselor: A person whose official responsibilities include providing mental health counselling to members of the institution's community and who is functioning within the scope of the counselor's license or certification.

Pastoral Counselor: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor. In addition, the Student Health Services employees, including the medical director, physicians and nurses, are not Campus Security Authorities.

Voluntary Anonymous-Confidential Reporting Procedures

The college encourages all members of its community to report crimes to NYSUPD or other Campus Security Authorities, whether he or she is a victim or a witness. If you are a victim or a witness to a crime and you do not want to pursue action within the College's discipline system or the criminal justice system, you may still want to consider making a confidential report. Accommodations can be made for those that wish to report in a non-traditional form. The following are methods available for reporting crimes:

Confidential and Private Reporting:

Victims (students and employees) can file a report with Counseling, Health Services, Wellness or Pastoral Counselors. Confidential resources will provide (if necessary):

- Referrals for medical emergencies
- Counseling services
- Off-campus referrals
- Explain the reporting process and encourage to report to NYSUPD, local law enforcement and/or student affairs
- Seek medical treatment at campus health services or local hospitals

For those who wish to report a crime or suspicious activity anonymously to New York State University Police can do so by calling 914- 251-6868. This is not for crimes or suspicious activity in progress. NYSUPD also maintains an electronic anonymous reporting system on its website “Silent Witness” which is not to be used

with crimes in progress. Crimes in progress should be reported to the police promptly and accurately in a timely manner.

Silent Witness

Silent Witness will not retain email addresses, IP addresses or other identifying information unless the reporting person voluntarily includes identification information. NOTE: If this is an actual emergency or a crime in progress; please call NYSUPD at: 914-251-6911. The purpose of an anonymous report is to comply with your wishes to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With this information, the college can keep an accurate record of the number of incidents involving students, faculty and staff, determine where there is a pattern of crime relative to location, method, and assailant and alert the campus community to potential harm. Anonymous reports are counted and disclosed in the annual crime statistics for the campus. Please understand while the crime is counted for statistical purposes, confidential reporting of a crime may impede a speedy investigation and/or a thorough investigation, or it may prohibit an investigation in its entirety.

Jeanne Clery Disclosure of Campus Security Policy & Campus Crime Statistics Act

In accordance with the guidelines established by the State University of New York, and pursuant to federal law, identified as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998,” all currently enrolled students, campus employees, and all prospective students and prospective employees are entitled to request and receive a copy of the Purchase College Annual Campus Security Report.

To learn more, visit [The Jeanne Clery Story](#).

The report contains crime statistics about certain specified crimes/incidents that have been reported to the New York State University Police Department and other college officials over the past three years and which have occurred either on-campus, in off-campus buildings, property owned or controlled by the college, or on public property adjacent to campus. The report also contains policies and practices pertaining to campus security, crime reporting, alcohol and drugs, victim’s assistance programs, student discipline, campus resources, community safety alerts, crime prevention, access to campus facilities/properties, and personal safety tips. The report encourages the reporting of all crime occurrences. The report tells how and to whom to report crimes, especially sexual assault crimes. Copies of this report may also be obtained in person from the New York State University Police Department. Under the Clery Act campuses are required to report campus crime statistics for certain offenses, hate crimes, arrests and disciplinary referrals to the campus judicial process. The Clery Act also requires any incident which is classified as unfounded, be reported. An incident may be classified as unfounded only after being investigated by a law enforcement agency. To classify an incident as unfounded there must be evidence that demonstrates the offense was not committed. In all cases, this data must be broken down according to the geographic location of the occurrence of the offense. These locations are defined as the campus “Clery Geography” under the Act.

Clery Act Criminal Offenses

Hierarchical Rule: The following criminal offenses are reportable offenses under the Clery Act for the Purchase College Campus. On campus statistics include both incidents reported to police and those reported to non-police officials and may therefore contain multiple entries for the same incident.

Non- Hierarchical Offenses: Nonhierarchical offenses are counted each time one of the offenses is reported for each location category under the most serious offense committed. If a single incident includes multiple non-hierarchical offenses the incident will be counted for each count of each offense (and potentially once again if a hierarchical offense is also reported).

New York State Law Definitions

Of note, the federal Clery Act defines certain crimes differently than the New York State Penal Code. For the purposes of this report, the College uses the Clery Act definitions of crimes.

Consent: Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor’s conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor’s situation would have understood such person’s words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally

incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

Consent Abbreviated: Clear, unambiguous, and voluntary agreement between the participating to engage in specific sexual activity.

Dating Violence: New York State does not specifically define “dating violence.” However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an “intimate relationship” with the victim. See “Family or Household Member” for definition of “intimate relationship.” General definition, dating violence is controlling, abusive, and aggressive behavior in a romantic relationship. Includes verbal, emotional, physical, or sexual abuse, or a combination.

Domestic Violence: An act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person’s child. Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person’s child is a victim of the act.

Factors that may be considered in determining whether a relationship is an “intimate relationship” include but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship”; any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/or dating heterosexual individuals who were or are in an intimate relationship.

Emergency Management

The college maintains and tests an Emergency Management Plan (EMP). The EMP utilizes the communications methods noted in the "Timely Warnings and Emergency Notifications to the Campus Community" section below. The [RAVE Purchase College Alert](#) is a primary communications method. The system is tested multiple times annually with community-wide tests having occurred during the semester. Our goal in testing is to ensure the proper function of the RAVE Purchase College Alert. Prior to each annual test, a notification is sent to the community via email announcing when the test will occur, delineating the parameters of the test, advising the community how to participate in the RAVE Purchase College Alert program and advising the community how and where to comment on the testing process.

Purchase College Emergency Management Team

The Emergency Management Team (EMT) is charged to make operational decisions on behalf of the institution during times of emergencies and critical incidents for the purpose of protecting lives, property, and the environment. The Emergency Management Team meets regularly to discuss emergency response and evacuation policies and procedures. Regular discourse includes but is not limited to communication processes, alarm system evaluations, scheduling drills/exercises and assessing and evaluating the response and effectiveness of prior incidents. Scheduling drills and exercises are carefully designed to monitor and assess timely response and evacuation for effective implementation. We evaluate the outcomes of these drills, exercises and procedures to enhance our emergency response plan.

Emergency Management Testing

RAVE Alert Purchase College Alert

A primary communications system tested at least annually with community-wide tests having occurred on a semester-by-semester basis. Our goal in testing is to ensure the proper function of the **RAVE Purchase College Alert Program**. Prior to each annual test, a notification is sent to the community via email announcing when the test will occur, delineating the parameters of the test, advising the community how to participate in the **RAVE Purchase College Alert** program and advising the community how and where to comment on the testing process.

Active Shooter Drills

NYSUPD conducts multiple active shooter drills and presentations throughout the year. These drills are set in various academic and residential facilities. These drills are personnel from NYSUPD, Purchase Fire Department, Purchase College EMS, Harrison EMS, and Community Engagement Staff, members of the Emergency Management team and student volunteers.

* Active Shooter Workshop and Emergency Response Drills were cancelled due to the pandemic.

Tabletop Exercises

The Emergency Management Team created a crisis scenario by conducting an exercise and acting out roles and responsibilities in response to an emergency.

The Emergency Management Team (EMT) activated to guide the campus throughout the Covid-19 Pandemic. In January, the EMT began to review the campus communicable disease plans and conducted a tabletop to gauge campus preparedness, response capabilities and define shutdown protocols. Over the course of the year, the EMT assisted in the creation of a student support team, formed a contact tracers corps, sourced/distributed PPE, planned and instituted community surveillance testing. In addition to providing assistance and support to the Continuation of Programming and Services Committee to reopen the college and recreate a safe learning environment.

Timely Warnings and Emergency Notifications and Evacuation to The Campus Community

What Warrants A "Timely Warning" Or "Emergency Notification"?

Timely Warnings will be issued whenever a Clery Act Crime is considered to represent a serious or continuing threat to students and employees, is reported to the New York State University Police Department or a local police agency and has occurred within the college's Clery Geography. Whenever a Timely Warning is sent, it will be sent as soon as possible to the entire community. Purchase College will, in a manner that is timely and that withholds as confidential, the names and other identifying information of victims, as defined in section 40002(a)(20) of the Violence Against Women Act of 1994 (**42 U.S.C.13925** (a)(20)), and that will aid in the prevention of similar crimes, report to the campus community [Clery Act] crimes that are:

Reported to campus security authorities and considered by the institution to represent a threat to students and employees. It is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

Emergency Notifications shall be issued when a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurs on the campus. Purchase College must immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. (Ex. Meningitis, approaching tornado, gas leak, terrorist incident, armed intruder, bomb threat, etc.) As appropriate, emergency notifications may be targeted at only a segment or segments of the campus community that is at risk. Emergency notifications will be issued without delay unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Chief of Police, or EMT Incident Commander or Director of Health Services shall confirm the existence of a situation that may warrant a warning or notification and determine if a timely warning or emergency notification is warranted and the extent of the notification as appropriate. In addition to criminal incidents emergency notifications may be issued in situations such as, but not limited to:

1. Safety Related Issues:

- An incident that occurs on campus that affects the personal safety and security of our population.
- An incident that occurs in proximity of the college that may potentially affect the personal safety and security of our student, faculty and staff population

2. Health Related Issues:

- A member of our population is diagnosed with a serious or life threatening
- Communicable/infectious disease.
- Evidence of bio terrorism.

Methods of communication will be chosen based on the nature of the incident. A decision will be made on notification methods by the Director of Health Services, the Chief of Police, or EMT Incident Commander. The following methods can be used to get the word out.

- Letters to students and/or parents (communication to parents is extremely minimal, most likely done in cases of measles, mumps, or rubella. Viral Meningitis would be communicated to the parents whose students are directly affected.)
- Letters to faculty and staff, if appropriate
- Student operated media outlets based on timing of the incident

The only reason an immediate notification for a confirmed emergency or dangerous situation would not be issued is if doing so will compromise efforts to: assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency.

Ways to Communicate These Issues

For Safety Related Issues:

The following methods can be used to get the word out. Methods of communication will be chosen based on the nature of the incident. A decision will be made on notification methods by the Chief of Police in conjunction with the President of Purchase College.

- Email to all students and/or faculty/staff
- Student operated media outlets
- **RAVE Purchase College Alert** in the case of a critical campus wide emergency
- Post to [myHeliotrope](#) portal,
- Campus Public Address (PA) Systems (External/Internal)

Waves—Wide-Area Mass Notification System (External Public Address System)

WAVES is designed to protect, alert and inform people of what to do in an emergency or disaster. Covering large geographic outdoor areas, it broadcasts crystal clear voice messages, tones and sirens.

RAVE Purchase College Alert

The Purchase College is one of many New York State University campuses that have adopted an emergency messaging service.

The system will allow Purchase College to communicate on matters of Critical Emergencies with all members of the college community who sign up for this service. The system allows e-mail, phone and text messages to be sent automatically to all members of the campus community who have provided their contact information. Students, faculty, and staff can register and/or regularly update their emergency contact information by logging on to [myHeliotrope](#).

Campus Security Programs and Procedures

Safety and security on campus is built on a strong foundation that includes:

- **Community Policing:** NYSUPD strives to develop and maintain a positive relationship with all members of the Purchase College community with a supportive community-oriented approach to law enforcement.
- **Individual Responsibility:** Every member of the college community is responsible for his/her own safety by taking simple, common sense precautions and reporting incidents to the police and other campus authorities

Safety Programs & Initiatives

Purchase College encourages you to take full advantage of safety programs and initiatives designed to protect your person and your property. They include:

Active Shooter Education

The safety of our students, faculty, staff and visitors is our top priority. Numerous colleges and universities have had the unfortunate experience of active shooter incidents. NYSUPD takes this threat seriously and regularly trains with neighboring agencies in an active shooter response. Active Shooter Workshops and drills were offered in:

Spring and Fall 2019 – two workshops and one drill located in the Physical Education Building. The campus community can help the NYSUPD by reporting any person seen carrying a firearm on campus by calling **(914) 251-6911**.

If there is an active shooter situation, the following actions are suggested:

Run: Have an escape route and plan in mind - Leave your belongings behind-Evacuate regardless of whether others agree to follow - Help others escape if possible- Do Not attempt to move the wounded - Prevent others of entering an area where the active shooter may be –Keep your hands visible - Call 911 when you are safe.

Hide: Hide in an area out of the shooter’s view -Lock door or block entry to your hiding place- Silence your cell phone (including vibrate mode) and remain quiet.

Fight: As A Last Resort and Only When Your Life Is Imminent Danger.

Attempt to incapacitate the shooter -Act with as much physical aggression as possible - Improvised weapons at throw items at the active shooter -Commit to your actions. Your life depends on it!

Keep in Mind: Responding officers are trained in active shooter response. This may mean that they will run past you and in the direction of the shooter to stop the threat. The first responding officer will not stop to render aid of any kind, however, be assured that other responding officers will arrive to assist all victims. Once outside and away from the active shooter, some possibly safe areas to run are: The West lawn (behind the PAC), Lower Gym Lot, Facilities Lot, Administrative Lot, or anywhere else that you can get to that is away from the sound of gunfire or danger.

Alcohol Policy (Student Affairs and Enrollment Services)

The College’s policies and procedures governing the use of alcohol at events which are under the supervision of the college, whether these occur on or off campus, reflect the following considerations:

- A. Recent changes in societal attitudes regarding the use and abuse of alcohol, coupled with the general concern for its impact on the public’s health and well-being, have been mirrored in changes in local and state laws.
- B. An increasingly litigious society makes all individuals and organizations who serve alcohol and those who sponsor events at which alcohol is provided, regardless of the public or private nature of the event, vulnerable to great liability.
- C. Confusing messages are sent frequently about the role of alcohol in contemporary society; a formal educational program which promotes the responsible use of alcohol is important so that members of the College Community are better able to make informed choices about their behavior.
- D. The College - as a public agency – expects adherence to the laws of the State of New York and/or the jurisdictions in which a College-sponsored events occurs. No special exemption from civil or criminal law exists for members of the College community.

The College recognizes that the abuse of alcohol is a very serious problem which is detrimental to the individual student, to the educational process, and to the learning environment. Accordingly, the College provides confidential counseling and help for those who have problems with alcohol abuse through the Counseling Center and Health Services. Purchase College is committed to fostering an environment that will offer alternative academic and social settings to mitigate against alcohol abuse, e.g., maintaining facilities open to students for socializing after hours; library, studio, and/or study settings that encourage student scholarship; and appropriate social/academic programming that will engage student interest and participation, particularly on weekends.

Responsibility for ensuring compliance with these laws and policies rest with each member of the College community, whether student, faculty, or staff.

In compliance with State law and Town ordinance, open containers of alcoholic beverages are permitted in public spaces on campus only at registered events or contract vendor operations. “Public spaces” include hallways, stairwells, lounges, and instructional areas of all buildings.

In support of the responsible use of alcohol, kegs are not permitted on campus except as provided by a contract vendor at registered public events and in food service operations as provided in this policy.

When alcohol is used illegally or when inappropriate behavior accompanies and/or follows the use of alcoholic beverages (e.g., behavior which violates the rights of others in the community or causes personal injury and/or property damage), these actions become a legitimate concern of the College community. Such behavior shall be considered a serious offense and may result in disciplinary, administrative, criminal, or civil action. Campus disciplinary action will be taken through the judicial process and consequences may range from verbal warnings to the most severe disciplinary penalty.

The College provides confidential counseling, educational programs, and other services for those students seeking assistance for problems related to alcohol.

New York State Laws Regarding Alcohol Violations

[New York State penalties for alcohol or drug-related violations](#)

Driving while intoxicated is a crime. Your judgment, coordination and ability to drive a vehicle change when you consume any amount of alcohol. The level of impairment depends on five conditions:

- the amount of alcohol you drink
- the amount of food you eat before or while you drink alcohol
- the length of time you drink alcohol
- your body weight
- your gender

There is no quick method to become sober. The best method is to wait until your body absorbs the alcohol. The average rate that your body processes alcohol is approximately one drink per hour.

Driving While Ability Impaired (Bac Of .05 To .07) - \$300-\$500 fine, up to 15 days in jail and 90 days revocation of license.

Driving While Intoxicated (DWI) (Bac Of .08 Or More) - \$500-\$1000 fine, up to 1 year in jail and minimum 6-month license revocation.

Aggravated Driving While Intoxicated (Bac of .18 Or More) - \$1000 - \$2500 fine, up to 1 year in jail, ignition interlock device installed on vehicle. License revoked for up to 18 months.

Felony Driving While Intoxicated (Second DWI Conviction In 10 Years) - \$1,000 -\$5,000 fine, up to 4 years in prison and minimum of 1-year license revocation.

Procuring Alcohol for Persons Under the Age Of 21-(\$200 fine), up to 5 days in jail or both.

Possession by Persons Under 21 - \$50 fine per offense and/or completion of alcohol awareness program and/or community service.

Use of False ID for Alcohol Purchase - \$100 fine, and/or community service, and/or completion of an alcohol awareness program, and/or revocation of driver's license for 90 days.

New York State Penalties for Controlled Substances

The State of New York has established severe sanctions for the possession, use, and sale of controlled substances which are consistent with Federal penalties established for such. The specific criminal sanctions are delineated in the New York State Penal Law. The severity of the offense depends on the type and the quantity of the illegal substance, as well as the holder's intent (personal use, distribution or sale). For example, in New York State, the criminal possession of four or more ounces of cocaine is a class A-1 felony, punishable by a minimum of 15-25 years and a maximum of life in prison, and a maximum \$100,000 fine. Unlawful possession of a small quantity of marijuana is a violation, resulting in a fine of not more than \$100 for the first offense. Additional violations result in larger fines and the imposition of misdemeanor criminal charges, which include the establishment of a permanent record.

Health Risks

The use of illegal drugs, tobacco, and the abuse of alcohol may have serious health consequences, including damage of the heart, lungs and other organs. Alcohol-related accidents are the number one cause of death for persons aged 15-24. The most significant health risk, besides death, is addiction. Chemical dependency is a disease that, if not arrested, is fatal. No addict (including alcoholics and smokers) ever thought he/she would become addicted.

- Abuse of alcohol and marijuana during puberty can result in an imbalance of sex hormones resulting in reduced muscle mass and shrinkage of testicles in males and menstrual difficulties and infertility in females.
- The risk of breast cancer is increased by 30% among women who consume as few as 3 alcoholic drinks per day.
- The use of hallucinogens (LSD, PCP, Mescaline) can result in an irreversible drug induced psychotic state and/or delusions which may trigger life-threatening behavior.
- The use of cocaine or amphetamines greatly increases the risk of heart attack.
- Stimulants ("uppers", speed, crack, methyl, crystal) may cause permanent damage to the brain, heart, lungs, and other organs from long-term use.
- Medical consequences of alcohol abuse include liver damage and disease, gastrointestinal problems and brain damage, as well as causing injury to a fetus during pregnancy.
- Inhalants ("poppers", rush, laughing gas, glue, paint thinner) may cause mental confusion, mood swings, delusions and hallucinations.
- Depressants ("downers", ludes, reds, 714s, barbs) greatly increase the risk of car crashes because they affect vision, judgment, coordination and physical skills.
- In cases of rape, 75% of the men and 55% of the women involved had been using alcohol or other drugs.

About Alcohol:

In addition to the immediate dangers from drinking at a single event, there are dangers from patterns of drinking. Some people drink for unhealthy reasons and it can cause negative consequences in their lives. They are alcohol abusers, or problem drinkers. For others (as many as 13% of college males and 5% of college females), the drinking has progressed even further, to alcoholism. Alcoholics cannot live without alcohol and cannot control its use.

The Following Are Warning Signals That May Indicate A Problem in Your Drinking Pattern:

- Missed classes or work due to hangovers; unfulfilled academic potential or even failing grades due to drinking.
- Accidents and injuries due to drinking.
- Blackouts (inability to remember something that happened while drinking).
- Doing something (for example, a sexual act) contrary to one's values while under the influence of alcohol.

- Fights and arguments, loss of friends or lovers, due to drinking.
- Drinking alone to relieve anxiety, depressions, boredom or loneliness.
- Drinking to feel socially confident.

Why Is Alcohol Considered A Dangerous Drug?

The consumption of alcohol is considered by some experts to be the leading cause of death in the U.S. Today.

Alcohol is a drug that significantly affects all body systems, contributing to the incidence of cancer, heart disease, liver disease, digestive disorders, and brain dysfunction. In fact, its contributions to these problems is greater than that of any other known legal or illegal drug.

Alcohol impairs judgment in very specific ways: it may make one “feel” as if he or she is doing better than he or she is. You feel more attractive, wittier, and more in control of the situation – thus, the temptation to take extraordinary risks. The awareness of being impaired is reduced!

Hate or Bias Crimes

Purchase College strives to protect all members of the campus community by prosecuting bias or hate crimes that occur within the campus jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as national origin, color, race, age, religion or creed, ethnicity, gender, sexual orientation, veteran status, marital status, or disability. Hate/bias crimes are against the law and Purchase College policy.

Read: [New York State Law Penal Law](#). Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions, including dismissal, are possible.

Hate or Bias-Related Incidents

Purchase College strives to protect all members of the campus community by prosecuting bias or hate crimes that occur within the campus jurisdiction. In addition to preventing and prosecuting hate/bias crimes, the New York State University Police at Purchase College also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the college as acts of harassment and/or threatens or intimidation directed at a member or group within the Purchase College community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status, may be addressed through the Purchase College's campus code of conduct and policy.

The [Office of Disability Resources](#) (ODR) coordinates academic adjustments and auxiliary aids and services for students with disabilities to ensure equal access to all programs, services, and activities at Purchase College. If you have a disability and require accommodations throughout the conduct process, please call or e-mail the ODR to initiate your request for accommodations, (914) 251-6035, odr@purchase.edu.

Procedures to Initiate A Formal Complaint

If you are a victim of or witness to a hate/bias crime or incident on campus, report it to any or all of the following:

Sexual Violence Response Policy

You have the right to make a report to the University Police or Campus Security, local law enforcement, and/or State Police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from your institution.

Copies of this [Bill of Rights](#) shall be distributed annually to students, made available on every college's website, and posted in each campus residence hall, dining hall, and student union or campus center and shall include links or information to access the [Sexual Violence Response Policy and Options for Confidentially Disclosing Sexual Violence](#).

SUNY strictly prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking.

The State University of New York and Purchase College are committed to providing options, support, and assistance to victims/survivors of sexual assault, domestic violence, dating violence, and/or stalking to ensure that they can continue to participate in college/university-wide and campus programs, activities, and employment. All victims/survivors of these crimes and violations, regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction, have the following rights, regardless of whether the crime or violation occurs on campus, off campus, or while studying abroad:

All students have the right to:

- Make a report to local law enforcement and/or state police.
- Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously.
- Decide about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure from the institution.
- Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard.
- Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available.
- Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed or should have acted in a different manner to avoid such crimes or violations.
- Describe the incident to as few institutional representatives as practicable and not to be required to unnecessarily repeat a description of the incident.
- Be free from retaliation by the institution, the accused and/or the respondent, and/or their friends, family, and acquaintances within the jurisdiction of the institution.
- Access to at least one level of appeal of a determination.
- Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process.
- Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the college.

Victims/survivors have many options that can be pursued simultaneously, including one or more of the following:

- Receive resources, such as counseling and medical attention.
- Confidentially or anonymously disclose a crime or violation (for detailed information on confidentiality and privacy, refer to [Options for Confidentially Disclosing Sexual Violence](#)).

The State University of New York and Purchase College want you to get the information and support you need, regardless of whether you would like to move forward with a report of sexual violence to campus officials or to police.

You may want to talk with someone about something you observed or experienced, even if you are not sure that the behavior constitutes sexual violence. A conversation where questions can be answered is far superior to keeping something to yourself.

Student Conduct Process see Community Standards

Community Standards

General Information

The discipline system of the college is designed to promote individual student development and to uphold the community standards of conduct that are necessary to create and sustain a social and educational environment that supports the academic mission of the college.

The rules governing student behavior—known as the “Student Code of Conduct”—exist to create an atmosphere in which all members of the college community—students, faculty, administrators, staff and other citizens—may feel secure in the constitutional and civil rights granted to them in the society at large, and that the conditions necessary for freedom of inquiry and expression, which are at the core of any academic community are protected. The college’s disciplinary system seeks to facilitate student ethical development through education, behavioral consequences, developmental exercises, and when necessary, separation from the college.

The Office of Community Standards maintains the discipline system and is geared toward building student understanding of the rights and responsibilities of students as members of the Purchase College community. The Student Code of Conduct is necessary to meet the fundamental requirements of an academic/professional learning environment.

The campus discipline process is an administrative, rather than a legal process. In making determinations of responsibility, the standard of proof that is used in campus disciplinary proceedings is “... what is “more probable than not” (aka preponderance of evidence). This standard of proof is more similar to the one used in ‘civil’ than in ‘criminal’ proceedings.” Procedures are fair, respectful of student rights, and applied equally and consistently.

Campus Email Policy

The Office of Community Standards follows the campus email policy which states that email is the college’s primary means of communication between students, faculty, and staff. Disciplinary paperwork

and notifications will be sent to the student's official Purchase email account. Students are responsible for the consequences of not reading communications sent to their account in a timely manner.

Sexual and Interpersonal Violence

A student has the right to make a report to university police or campus security, local law enforcement, and/or state police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from your institution.

In consideration of the traumatic nature of incidents of sexual/physical aggressive/violent behavior, the College will conduct a timely review of complaints of sexual misconduct, sex discrimination, domestic violence, dating violence, and/or stalking.

The College does not limit the time frame for filing a formal complaint of sexual or interpersonal violence. Complaints may be submitted at any time following an incident. However, the College's ability to take action may be limited by the matriculation of the accused student/respondent and/or the availability of information. Purchase College's student conduct process extends only to currently enrolled students. When a disclosure or formal complaint is received by the college, every effort is made to complete the investigative phase within a timely manner barring extenuating circumstances.

The standard of proof related to sexual misconduct, sex discrimination, domestic violence, dating violence, and/or stalking is "the preponderance of the evidence." Ultimately, whether it is "more likely than not" that the sex discrimination, dating violence, domestic violence, sexual assault, or stalking occurred. If the information presented meets this standard, then the accused student/respondent must be found responsible.

Title IX -Final Rule

The College's Title IX Grievance Policy for Addressing Formal Complaints of Sexual Harassment can provide you with all information regarding this policy and hearing procedures.

Persona Non Grata Status:

Residence Suspension with Residence Area Persona Non Grata Status:

This sanction separates the student from the residence areas for a specified period of time ranging from a portion or all of a given semester to a full calendar year and is automatically accompanied by the assignment of a Residence Area Persona Non Grata status. The student may not at any time or for any purpose be present in the residence areas (including interiors and surrounding areas of Residence Halls, the Dining Hall, Apartment Complexes, residence area parking lots, and college housing at off campus locations) of the State University of New York at Purchase. Please note this does not include non-residential classrooms and retail space on the first floor of Fort Awesome. No invitation from any person supersedes the Persona Non Grata status. If the student is found in the residence areas after receipt of this letter, they are subject to arrest for criminal trespass. If students have complied with all sanctions associated with their residential separation, they may contact the Office of Community Standards requesting to pay their housing deposit for the semester they plan to return. However, failure to comply with any ongoing or additional sanction that is due after an approved payment of deposit will result in the student being withdrawn from housing. If the student does not return to Purchase College housing, the residence area Persona Non Grata status will remain in effect until such time as it is formally lifted in writing by the college. The student must vacate their current residence by the assigned date and time and their Persona Non Grata status will take effect at that time.

Suspension with Persona Non Grata Status:

This sanction separates a student from the college for a specified period of time ranging from a portion or all of a given semester to a full calendar year and is automatically accompanied by the assignment of a Persona Non Grata status. The student may not at any time for any purpose, be present on the campus of Purchase College, State University of New York, or be present at any college sponsored event on or off campus. No invitation from any person supersedes the Persona Non Grata status. If the student is found on the campus or at a sponsored event, they are subject to arrest for criminal trespass. If students have complied with all sanctions associated with the separation, they may contact the Office of Community Standards prior to the end of the suspension date requesting to register for classes and pay their housing deposit for the semester they plan to return. However, failure to comply with any ongoing or additional sanction that is due after an approved registration or payment of deposit will result in the student being withdrawn from classes and housing. If the student does not return to Purchase College, the Persona Non Grata status will remain in effect until such time as it is formally lifted in writing by the college. Conditions for return to the college, if any, will be outlined at the time of suspension. The student must vacate the campus by the assigned date and time and their Persona Non Grata status will take effect at that time.

Expulsion with Persona Non Grata Status:

Expulsion is the permanent separation of the student from the college. It is reserved for the most serious offenses against the college and is automatically accompanied by the assignment of a Persona Non Grata status. The student may not at any time for any purpose, be present on the campus of Purchase College, State University of New York, or be present at any college sponsored event on or off campus. No invitation from any person supersedes the Persona Non Grata status. If the student is found on the campus or at a sponsored event, they are subject to arrest for criminal trespass. The student must vacate the campus by the assigned date and time and their Persona Non Grata status will take effect at that time.

No Contact Order:

A formal directive issued by the College requiring parties in any interpersonal conflict to have no direct or indirect interaction. A no contact order remains in effect until it is officially removed in writing by the College. The no contact order can be issued in student cases only.

In cases involving sexual misconduct, when the accused is a student, the college may issue a “No Contact Order,” meaning that attempts to contact the protected individual is a violation of college policy subject to additional conduct charges, if the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person.

In any case, a violation of a No Contact Order should be reported to either New York State University Police or the Office of Community Standards. A violation of a No Contact Order is subject to disciplinary action.

Order of Protection/Restraining Orders:

Whether you are looking to file one or whether you are on the receiving end, it is important that you know the rules regarding restraining orders in New York State. Also known as orders of protection, restraining orders may be filed with the Family Court, or Criminal Court of the state of New York. They are used to limit the behavior of someone deemed threatening in any way. Situations that legally prompt filing a restraining order include but are not limited to threats of harm to someone or their family and verbal or written harassment.

Types of Restraining Orders

There are two main types of restraining orders: family and criminal. In all cases, a restraining order can be used to compel someone to stay away from certain people, certain locations, and it can be used to force someone to get rid of their gun(s).

About Family Restraining Orders

Family restraining orders are also known as civil restraining orders. They may only be filed against related individuals, current or former spouses, common parents of a child or anyone with whom you have had an "intimate relationship." Intimacy is determined by several factors including length of time you have known each other, how often you see each other and whether you are physically intimate. Family restraining orders are most used in cases where domestic violence is present and are sometimes attached to divorce agreements, custody agreements or other affairs that go through Family Court.

How to Get a Family Restraining Order

To file a Family Court Order of Protection, it is best to go through a lawyer or domestic violence agency. They can help you file the necessary forms to prove that you are in need. Many DV agencies offer battered women's shelters for women suffering from domestic violence; this may be an important first step for you or your children.

About Criminal Restraining Orders

Criminal restraining orders are similar to family restraining orders, but they are filed against individuals who have been arrested or who have a warrant out for their arrest. If you have been abused, assaulted or otherwise harmed, you may file for a restraining order through the New York Criminal Court.

Other Restraining Order Rules

If somebody violates their restraining order, you should contact the police immediately. It is a crime to violate an order of protection, and this will result in the violator's arrest.

Persona Non Grata-PNG: the phrase is Latin for "an unwelcome person."

A person whose entering or remaining on campus is not authorized by the University Police or College President. The PNG was previously issued due to some type of violation on college grounds.

Title IX - Sexual Assault, Sexual Violence, and Sexual Harassment

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. – Title IX of the Education Amendments of 1972 Purchase College, State University of New York, is a recipient of federal financial assistance for education activities, and in accordance with the provisions of the Education Amendments Act of 1972, all of its education programs and activities are subject to the provisions of Title IX of that act that protect against discrimination on the basis of gender. Athletic programs are not the only academic realm governed by Title IX. Title IX applies to all departments, programs, and activities, on and off campus, available to students at Purchase College, in addition to employment. Title IX prohibits sexual harassment, which includes sexual assault and sexual violence.

Privacy versus Confidentiality:

Even Purchase College offices and employees who cannot guarantee *confidentiality* will maintain your *privacy* to the greatest extent possible. The information you provide to a nonconfidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX investigator or designee, who is responsible under the law for tracking patterns and spotting systemic

issues. Purchase College will limit the disclosure as much as possible, even if the Title IX Investigator determines that the request for confidentiality cannot be honored.

Requesting Confidentiality:

How Purchase College Will Weigh the Request and Respond:

If you disclose an incident to a Purchase College employee who is responsible for responding to or reporting sexual violence or sexual harassment but wish to maintain confidentiality or do not consent to the institution's request to initiate an investigation, the Title IX Investigator must weigh your request against our obligation to provide a safe, nondiscriminatory environment for all members of our community, including you.

We will assist you with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of your reporting choices. While reporting individuals may request accommodations through several college offices, the Title IX Investigator can serve as a primary point of contact to assist with these measures:

We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclosed.

We may seek consent from you prior to investigating. You may decline to consent to an investigation, and that determination will be honored unless Purchase College's failure to act does not adequately mitigate the risk of harm to you or other members of the college community. Honoring your request may limit our ability to meaningfully investigate and pursue conduct action against an accused individual. If we determine that an investigation is required, we will notify you and take immediate action as necessary to protect and assist you.

When you disclose an incident to someone who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality, Purchase College will consider many factors to determine whether to proceed despite that request. These factors include, but are not limited to:

- Whether the accused has a history of violent behavior or is a repeat offender.
- Whether the incident represents escalation, such as a situation that previously involved sustained stalking.
- The increased risk that the accused will commit additional acts of violence
- Whether the accused used a weapon or force
- Whether the victim/survivor is a minor; and
- Whether we possess other means to obtain evidence, such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group.

- If the Purchase College determines that it must move forward with an investigation, the reporting individual or victim/survivor will be notified, and the Purchase College will take immediate action as necessary to protect and assist them.

Public Awareness/Advocacy Events:

If you disclose a situation through a public awareness event such as "Take Back the Night," candlelight vigils, protests, or other public event, Purchase College is not obligated to begin an investigation. The college may use the information you provide to inform the need for additional education and prevention efforts.

Institutional Crime Reporting:

Reports of certain crimes occurring in certain geographic locations will be included in the Purchase College Clery Act Annual Security and Fire Safety Report in an anonymized manner that neither identifies the specifics of the crime nor the identity of a reporting individual.

Purchase College is obligated to issue timely warnings of Clery Act crimes occurring within relevant geography that represent a serious or continuing threat to students and employees (subject to exceptions when potentially compromising law enforcement efforts and when the warning itself could potentially identify the reporting individual or victim/survivor). A reporting individual will never be identified in a timely warning.

The Family Educational Rights and Privacy Act allows institutions to share information with parents when (1) there is a health or safety emergency, or (2) when the student is a dependent on either parents' prior year federal income tax return. Generally, Purchase College will not share information about a report of sexual violence with parents without the permission of the reporting individual.

- A forensic rape exam is done to collect evidence.
- Evidence can be kept at the ER up to 30 days while you decide whether you want to pursue charges. (align)

Seek Immediate Medical Treatment

- Seek medical care from an ER where professionals are certified to do a forensic rape exam.
- Receiving medical care does not require you or the medical staff to file a police report.
- Most injuries are not obvious.
- Seek medical care even if you decide not to do a forensic rape exam.
- College Health Center does offer some medical services (emergency contraception and testing for STI's), but they do not provide rape kits or HIV prevention medication.

Q: If I tell a college faculty or professional that I was assaulted or raped do they have to tell someone, and would they include my name when they tell?

A: If you tell a faculty or professional you can request to remain anonymous. They do have to provide some information indicating an assault has occurred along with the date, time and general location of the incident. They cannot include your name or any other identifying information without your consent. Staff members should be able to provide you with or direct you to campus resources.

Q: If I go to the hospital, do I have to report it to the police?

A: No, not in New York State. If you have a forensic rape exam done it can be held for up to 30 days at the hospital while you decide whether, you want to pursue charges. The kit will not leave the hospital unless you file a report.

The college will make every effort to be responsive and sensitive to victims of these serious crimes. Protection of the victim and prevention of continued trauma is the College's priority. If the victim and the accused live in the same residence hall, an immediate hearing with the Director of the Office of Community Standards will be held to determine the need for modifying the living arrangements. Purchase College is committed to providing a safe and secure environment in which all of its members are treated with dignity and respect. To that end, the college takes the strongest possible stance against sexual assault in all its forms including sexual violence or the use of coercion, sexual contact absent the free, knowing, and active consent of the involved parties, including but not limited to cases involving impaired judgment and physical helplessness, and intimidation or exploitation of others for sexual purposes. - Refrain from reporting sexual assaults for any reason, including the fear of unwanted personal publicity

Sexual Offender Registry

The Sex Offender Registration Act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending:

Level 1 = low risk

Level 2 = moderate risk

Level 3 = high risk

The Act requires that the Division also maintain a Subdirectory of Level 3 Sex Offenders. The DCJS Sex Offender Registry site may be found on the web (listed below) and contains their Subdirectory of Level 3 Sex Offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders registered in New York are now required to notify the Registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to the Registry no later than ten days after such change.

Megan's Law

Dear New Yorker:

Children in New York State are safer today from sexual predators than ever before thanks to Megan's Law. Simply put, Megan's Law gives parents the upper hand to protect their children from sexual predators.

I urge you to use the Megan's Law Hotline to seek specific information about a registered sex offender living in your area.

Be advised, however, that you will be asked to provide the name, address or other forms of identifying information about the individual when you call.

Forewarned is forearmed, and I believe that Megan's Law gives the residents of New York State the information they need to keep their children from the grasp of sexual predators

There are more than 14,000 convicted sex offenders registered in New York State under the Sex Offender Registration Act, better known as "Megan's Law."

Under Megan's Law, sex offenders are required to register with the State after conviction, or if they serve time in prison, upon their release, and notify the registry when they relocate. Sex offenders who move to New York from another state also must register.

Megan's Law creates 3 levels of sex offenders: Level 1 (low risk), Level 2 (moderate risk), and Level 3 (high risk). Local law enforcement decides whether to notify the public about Level 2 and 3 offenders. No information may be given out about Level 1 offenders.

The public may inquire about registered sex offenders by asking your local police or calling:

- Smoking in any residence area, as well as any campus grounds - students will be billed up to \$200 for cleaning/painting in a bedroom, and \$350 for a common area, should smoking occur in the living space.
- Burning incense, candles, or any other open flame devices.
- Cooking and cooking appliances (except a MicroFridge, coffee pot with auto shut-off feature, or hot pot) in residence hall areas. (This does not apply to apartments or kitchen suites in Outback).
- High wattage electrical equipment (i.e., halogen lamps, sun lamps, air conditioners, etc.) – unless approved through ODR.
- Firearms, explosives, weapons, fireworks, swords, bb/pellet/paint/air guns, daggers, exacto knives, nunchakus, or other dangerous articles or substances injurious to person or property.

- Gasoline operated vehicles.
- Smoke/Fog machines.
- Tampering with or disabling fire equipment, fire alarms, or fire exit doors are a violation of law as well as College policy.

5. [Evacuation procedures](#) for student housing may be found on the website.

6. Policies regarding fire safety education and training provided to students and employees

All residence rooms, suites, and apartments should be provided with the fire evacuation plans for the specific area.

Office of Community Engagement Professionals and Paraprofessionals participated in a half-day Fire Safety training provided by the NY Fire Prevention and Control Office and our campus Environmental Health & Safety Officer.

Residence Coordinators and Resident Assistants work with UPD to ensure proper completion of fire evacuation drills.

The Office of Community Engagement provided fire safety potholders in every apartment kitchen unit on campus. The potholder highlighted 6 Safe Cooking Tips:

- Never leave any cooking food unattended and use a kitchen timer.
- Turn pot handles into the center of the stove.
- Always double check that you turned off the stove and oven.
- Make sure your oven is clean and empty before preheating.
- Keep cooking areas clean.
- Never put water on a grease fire.

Apartment kitchens received a fridge magnet with “How to Help Prevent Cooking Fires”:

- Do put out cooking fires by using the fire extinguisher in your apartment. DON'T use water or flour to put out a fire.
- DO limit the cooking temperature; overheated oil can automatically ignite.
- DO call University Police at x6911 immediately if there is a fire in your kitchen.
- DO close the oven door and turn off the heat to put out a fire in the oven.
- DO stay in the kitchen when cooking. Many cooking fires are the result of absentee cooks.
- DO turn pan handles away from the cooktop edge. A bumped handle can cause spills that can result in painful burns or spilled oil that can catch fire.
- Do keep cooktop surfaces clean (burners, drip pans and ovens). Grease buildups can catch fire.
- Do cut off air to a grease fire by covering it with a pan lid. Do not remove the lid until the pan cools. Do turn off the knob to the burner.

All students and staff living on campus received several communications from The Office of Community Engagement highlighting significant policies connected to fire safety, as well as regarding the fire safety equipment, such as sprinklers, in each residential space. The link to one of the letters is here:

Additionally, apartment residents were required to practice P.A.S.S., during their check-in process.

If students are documented through Community Standards to have violated some fire safety policy, they may be sanctioned a meeting with Environmental Health and Safety to discuss additional fire safety practices, and/or complete a short online module on fire safety.

7. Titles of each person or organization to which students and employees should report that a fire occurred.

Students and employees should report fires immediately to the University Police at extension 6911 (914-251-6911).

8. Plans for future improvements in fire safety.

We are planning to develop a more comprehensive fire safety training for all new students during Welcome Week in August. Additionally, we would require additional training for all students that are moving into an on-campus apartment regarding proper cooking/cleaning to minimize fire safety concerns. Updated paperwork needs to be installed on many residential spaces regarding the fire evacuation procedures, as well as routes in the residence halls.

Meetings between the campus Environmental Health & Safety Officer, Office of Community Engagement staff, Facilities staff, University Police and the Office of Fire Prevention and Control are intended to develop new plans for the safety of campus constituents.

College plans include adding additional sprinkler systems into apartment communities and exploring reduced heat burners or new stoves.

Conclusion:

The New York State University Police Department collaborates closely with all relevant on and off campus offices, resources and agencies detailed in the above sections to generate this report. We have a memorandum of understanding with these agencies and work cohesively to provide the
