Addendum #06

To: Prospective Bidders

No. of Pages: 2

SUNY Purchase College hereby issues this Addendum #06, dated 12/01/2023, for the above referenced IFB, to provide the following information:

Item 1:

SUNY Purchase wishes to offer the following clarifications regarding the **Hazardous Materials Inspection Report**, issued as part of Addendum #5:

Where the term “assumed asbestos until further testing” is noted in the Hazardous Materials Inspection Report this shall mean that the contractor shall assume that the rest of that type of material (i.e., sprayed on fireproofing in both the Visual Arts and Social Science and/or floor tiles in the Social Sciences Building) is positive for asbestos throughout those buildings. That said, the contractor has flexibility to plan their work. For example, if they know the sprayed-on fireproofing on a steel beam is hot, it may be possible to anchor their j-hooks to an adjacent wall or other viable anchoring point.

Where lead paint has been identified in the Hazardous Materials Inspection Report, assume the following:

Music Building

- All the door casings on entry doors contain lead paint.
- All the doors, and door casings in the basement contain lead paint.

Dance Building

- All doors in the basement contain lead paint.
- All columns contain lead paint.

Visual Arts Building

- Metal door casing on one Blue Roll-up door contain lead paint.

Item 2:

SUNY Purchase wishes to offer additional clarification about the number of cloud-links required for each building. There should only be one (1) cloud-link per building.
