•Students who have completed the prerequisites may submit the following to the Art+Design office for evaluation: a completed Minor Application Form, a portfolio on a labeled USB flash drive, and a written statement detailing your goals and objectives of pursuing the minor program.

•The deadline for submissions is **May 1** for the fall semester and **December 1** for the spring semester.

•Students will be notified by email at least 3 weeks before the start of the semester regarding the status of their application. Your portfolio shall consist of 12-20 examples of your work. Please include a description of work, date created, and materials used. One example of your portfolio should be a self-portrait in any medium. At least two examples of work must be drawings done from direct observation, rather than drawings done from photographs or reproductions. You may shoot details of particular works if appropriate. Be sure to indicate if the image is a detail shot. You may wish to include more than one image of a piece, such as a sculpture, since a single view may not describe it adequately. If you are wishing to apply to the photography program, you should submit images of your work printed. This should show that you have knowledge of printing photographs as well as taking them.
