GROUP III AV SYSTEMS EQUIPMENT SCHEDULE		Addendum #2	(per dbl border)	
KA Project #2639		Addendum #3	(per shaded dbl border)	
DATE: 10 December 2014				
BIDDERS SHALL CONFIRM ALL MODEL NUMBERS, QUANTITIES AND ACCESSORIES				

NOTE: Brand names and model numbers listed herein represent the design basis used in this project. Except for those products listed as "XSTNG" (existing) or "OFE" (sole-sourced Owner Furnished Equipment), substitutions will be considered through the prescribed submittal process. Provide documentation supporting the equivalency of each requested substitution. No more than two substitutes for a given item will be considered, with the second submitted only if the first is rejected, with no implied assurance that either will be accepted. Costs of redesign to accommodate any substitution shall be borne by the Bidder, regardless of success or failure in being awarded this project. Any construction cost related to using an approved substitution shall be borne by the Contractor, having pursued such substitution(s). Submittals after award of Contract shall include incorporation of approved substitutions as if made part of the original Bid Documents.
